Mumbai, Maharashtra - 421308, India

OBJECTIVE

I am a final-year BE student with a passion for web development. I have hands-on experience working with technologies like HTML5, CSS3, JavaScript, and React, building dynamic and responsive websites. Eager to learn and grow, I enjoy tackling complex problems and creating user-friendly digital solutions. I'm excited to pursue a career in web development and contribute to innovative projects.

INTERNSHIP

- **Cloudsmaya Services**  Dec 2023 - May 2024
Web Development Intern Mumbai, India
 - Gain practical experience working on real-world projects and contribute to the development of interactive and user-friendly websites.
 - Work with cutting-edge web technologies, including HTML, CSS, JavaScript, and popular frameworks like React or Angular.
 - Collaborate with experienced developers and designers, learning best practices and improving your teamwork and communication skills.
 - Build and refine your portfolio with tangible projects and showcase your contributions and problem-solving abilities to future employers

EDUCATION
